Special Pages

The following 15 pages provide spaces for additional paper and tagging varieties for both the regular and coil issues of the "Cameo" series, and will compliment the previous page. There are also spaces provided for the mini-panes of the 2c, 4c, and 5c stamps, plus catalogued varieties and major booklet panes. The spaces for these issues assume stamps are not in the cello-paqs as issued and spaces are for booklet panes not complete booklets with covers. If one chooses this option, these spaces can be easily resized either within my enclosed text file or via the AlbumEasy re-size option. please consult the AlbumEasy documentation. I have added this special section as many of these stamps are widely available and very collectable and will compliment a complete "Cameo" collection. Should you not want to add these pages to your collection, simply delete this range of pages from your printing queue.
