Faroe Islands

1919 to 2023

© Alexander Barthel

Some notes on this album text

This album text includes the stamps issued in the Faroe Islands between 1919 and 2023: in 1919 as a provisional issue by the Danish Post, in 1940/1941 as issues by the then British occupation administration during World War II, and from 1975 as issues by the independent Post of the Faroe Islands.

All definitive stamps, commemorative stamps, and ATM labels are included in chronological order. The same applies to souvenir sheets and miniature sheets as well as individual stamps from these sheets. Not included are booklet panes and se-tenant stamps from souvenir sheets, miniature sheets, and booklets. Since 2009, many stamps have been issued both perforated (from sheets or souvenir sheets) and die-cut (self-adhesive, always from booklets). Both variants are included in the album text.

The album text is supplemented with Christmas charity labels (Yule issues), even though these do not have postal validity. (The Yule sheets from 1976 to 1980 would best fit on Scott or MINCUS pages.)

For the individual ATM labels, three fields are provided, which can be adapted to the needs of individual collection preferences using AlbumEasy.

Stamp illustrations are in black and white and significantly reduced in size compared to the original stamps so as not to distract from the actual stamps in the collection. These settings can also be easily changed.

This English album text is designed for letter format. Adjustments to other formats (i.e. Scott International or Speciality, MINKUS, A4 or A3) can be easily made, but this may require adjustments to the page layout as well.

This album text is free of charge and intended solely for private use and modification. The copyright remains with the author. Commercial use, even with modification, is prohibited.

The album text has been carefully prepared, with apologies for any remaining errors or instances of awkward English phrasing, as English is not the author's native language.
